BUILDING TIME-HONORED TRADITIONS...ONE EXQUISITE HOME AT A TIME.

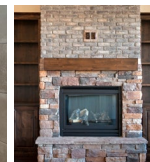

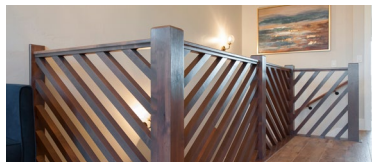

SETH R. FOSTER & SHEM J. FOSTER

ABOUT THE BUILDER

Seth & Shem Foster have an extensive construction background that began as young men in the Southeastern region of Utah. Both Foster boys quickly advanced from working with their father in the family wood chopping business, to working with several local contractors. As they grew older, they parted ways moving to different states where, both advanced up the construction “ladder”.

Seth became a project manager with a homebuilding company in Northern Utah and he began a very successful framing company, Rock Tite Construction Company. He employed over 100 framers and framed over 2000 homes. Shem worked for several years as a master tile setter, easily becoming an on-site project manager for a custom home builder. In Las Vegas, Nevada, he built and managed the construction of over 400 custom homes.

In 2009, the unique opportunity came for the brothers to work together once again, this time as partners in their own company, American Heritage Homes. The Foster brothers have very different talents which compliment each other quite uniquely and effectively. Anyone who has the opportunity to work with them agree, they make an unstoppable team. **#WELCOMEHOME**
